

"DEAR BLACKBIRD" By Asha Noel Iyer

V. 1

Dear blackbird,
I hope that California's great.
Dear blackbird,
I hope you figure out this stupid fate.
You're everything I need,
Except that you can't talk to me.
Just know you're not unheard,
You're my blackbird.

V. 2

Dear blackbird,
I hope you hear me every day.
Dear blackbird,
I send you love despite this bluish rage.
I know you're stuck in there,
But just remember light and air.
And know you're not unheard,
You're my blackbird.

BRIDGE

So know I feel you, I feel you every day.
But I can't save you,
When I tried you fell away.

CHORUS

I'll charge ahead with my own heart
Cause it's better than begging for acceptance.
And when I do please know,
I'll see you everywhere I go,
You're in all my moments, black and gold,
But finally you have no hold,
Just think on the sun today,
We'll be okay.

V. 3

Dear blackbird,
Unwritten letters never came.
Dear blackbird,
Your hazel eyes have somehow sailed away.
A memory or a ghost,
This limbo makes my mad its most

I feel you at my side
Hope you're alive.

V. 4

Dear blackbird,
Feel like I need your warmth right here.
Dear blackbird,
Wish we could talk and sort through all our fears.
You're killing me somehow,
So I release you safe and sound.
I just have to leave right now.
So it's time for your final bow.
But in the dreamy sea of us,
It's not so rough.

BRIDGE AGAIN

CHORUS AGAIN

V. 5

Dear blackbird,
You're on my mind,
But this is my goodbye.
